

PRESS RELEASE**FOR IMMEDIATE RELEASE****FSBM Signs Two MOUs to Drive Secure and Innovative AI Solutions**

- Aims to deliver tailored, secure and innovative end-to-end generative AI solutions.
 - Fosters digital transformation and promotes the adoption of ethical AI practices in Malaysia.
-

KUALA LUMPUR, 16th JAN 2025 – FSBM Holdings Berhad (“FSBM” or “the Company”) (富士通控股公司), through its wholly-owned subsidiary **FSBM I-Design Sdn. Bhd.** (“**FSBM I-Design**”), has taken a significant step forward in shaping the future of secure and innovative artificial intelligence. The company signed two Memorandums of Understanding (MOUs) today with **VisionTech Pte. Ltd.** (“**VisionTech**”), a leading Generative AI company based in Singapore, and **Cydentiq Sdn. Bhd.** (“**Cydentiq**”), a renowned local cybersecurity solutions provider.

The first MOU with VisionTech underscores FSBM I-Design’s commitment to harnessing cutting-edge AI technology for business transformation. VisionTech, a subsidiary of VisionGroup, specializes in generative AI solutions designed to enhance sales, streamline operations, and address workforce challenges. This partnership will enable the development of end-to-end generative AI bot solutions that integrate human-centered and ethical AI practices. The collaboration aims to deliver tailored solutions that empower businesses with actionable insights, automation, and innovation, while addressing challenges in data-driven industries and improving operational efficiency.

The second MOU with Cydentiq emphasizes the importance of cybersecurity in AI development. As a leading identity security provider, Cydentiq specializes in identity governance, access management, and threat prevention. This collaboration focuses on integrating security-by-design into all AI solutions developed by FSBM I-Design, ensuring robust data protection and compliance with industry standards. The partnership will enhance these offerings by leveraging their expertise in authentication, authorization, access control, and threat monitoring to provide tailored, secure solutions for our customers.

FSBM, with its’ 40 years of market experience, brings to this partnership its vast experiences in the areas of enterprise-wide ICT solutions and systems integration. We are in the business of providing SMART solutions, Data & AI solutions, and Managed Security services. Our strategic focus lies on Analytics & Business Intelligence (ABI) and Artificial Intelligence of Things (AIoT).

Mr. William Ng Kok Kiong (“黄国强”), Executive Director of FSBM I-Design Sdn Bhd said, *“As we enter 2025, FSBM is excited to be expanding our business and forging new partnerships. As we bring more diversified services to the market, we are equally seeking like-minded partners who share our vision for innovation. Today, through the partnerships with VisionTech and Cydentiq, we will work together to develop and deliver advanced solutions that meet the evolving needs of the market.”*

The partnerships between these parties bring together the expertise of FSBM I-Design's ABI and AI capabilities, VisionTech's generative AI innovations, and Cydentiq's advanced security solutions to deliver comprehensive, seamless AI-driven transformation for businesses.

Mr. Low Kang Wei (“刘康伟”), Chief Technology Officer of FSBM Holdings Berhad mentioned, *“These strategic partnerships are aligned with FSBM’s mission to be a leader in secure and intelligent application services. By integrating robust security measures and advanced AI technologies, FSBM aims to deliver transformative solutions that improve decision-making, optimize processes, and foster innovation. Together with VisionTech and Cydentiq, FSBM is poised to help businesses navigate the challenges of the digital era, enabling them to be agile, data-driven, and successful in a rapidly evolving landscape.”*

A key focus of these partnerships is on providing robust cybersecurity measures, ensuring that businesses can adopt AI technologies with confidence and trust. Additionally, the integration of cutting-edge technologies fosters industry innovation, enabling businesses to stay competitive in an ever-evolving digital landscape. With a strong commitment to a client-centric approach, these partnerships delivers tailored solutions designed to address unique business needs and drive impactful results. Together, these combined efforts aim to empower businesses to harness the full potential of AI securely and effectively.

End

About FSBM Holdings Berhad

FSBM Holdings Berhad ("FSBM", 9377) was incorporated in 1984 as Talasco Computers Sdn Bhd. In 1991, Talasco Computers Sdn Bhd changed its name to Fujitsu Systems Business (Malaysia) Sdn Bhd and was subsequently listed on Bursa Securities (then known as the Second Board of the Kuala Lumpur Stock Exchange) in 1994.

In 2001, the Company diversified its business to sell non-Fujitsu products and services and extended its business activities outside of Malaysia, resulting in a change in company name to its present name.

FSBM is now focusing on developing its IT services segment. The range of services the Company offering are Digital Solutions and Service (which including Platform Design and Development, Technical Support and Maintenance Services, Refurbishment and/or lease/rental services), Cybersecurity Services and Smart Manufacturing Solutions
